AUTHORIZATION FOR MY PERSONAL INFORMATION

Sompo Japan Insurance Inc.(hereinafter referred to as the "Company") uses personal information regarding this insurance claim in order to perform activities such as judgment on insurance underwriting or claim payouts, fulfillment of this insurance policy, provision of ancillary services, notification/provision of the Company's products/services such as nonlife insurance, and implementation of a questionnaire (hereafter referred to as "the Company's Activities"). In addition, the Company acquires, uses, provides or registers such personal information to the extent the Company needs for its operations in the manners listed (i) to (v) below.

- (i) The Company may provide such personal information to its business contractors (including agents), insurance brokers, and parties involved in the claim/payment of insurance benefits (such as repair shops, medical institutions, nonlife/mutual insurance companies, parties involved in the insured events, etc.), or receive such personal information from these parties for the Company's Activities. These parties include businesses outside of Japan.
- (ii) The Company may provide such personal information to or register it with organizations such as The General Insurance Association of Japan, The Life Insurance Association of Japan, General Insurance Rating Organization of Japan, other nonlife insurance companies, etc., or receive such personal information from these organizations and companies to ensure sound operation of the insurance system.
- (iii) The Company may provide such information to reinsurance companies, etc., in Japan or overseas (including provision of such information from a reinsurance company, etc., to another reinsurance company, etc.) in order to conclude reinsurance contracts or receive reinsurance benefits, etc.
- (iv) The Company may provide such personal information to its group companies or partner companies in Japan or overseas, and they may use it for notification or provision of their products/services and judgment of such notification or provision.
- (v) The Company may provide information of the insured's insurance claim, etc., to the policyholder to ensure the stable management of the insurance contract.

Use of sensitive information such as on healthcare (including sensitive information such as race, creed, social status, medical case history, criminal history, or criminal victimhood status) is restricted to purposes such as securing appropriate management of our businesses and other purposes as deemed necessary in accordance with applicable laws, regulations, and other rules. For details of the Company's handling of personal information (including personal information of non-residents of Japan), group companies, partner companies, etc., visit the Company's official website (<https://www.sompo-japan.co.jp/>)
